DIRECTOR OF CENTRAL INTELLIGENCE
Security Committee

MONTHLY ACTIVITIES REPORT

February 1978

I. HIGHLIGHTS:

[Redacted]

25X1

b. [] Changes in NRP Security Policy. In coordination with SIGINT and COMIREX, the Security Committee prepared for DCI approval an increase in the SI/TK ceiling for the NRO of [] billets.

25X1

25X1

[Redacted]

II. COMPLETED ITEMS:

[] In coordination with the Micrographics Working Group, security interest is being directed at micrographics security problems. One problem is the extremely small size of microforms and the difficulty of marking them to clearly show their classification and security control. Data systems with remote access and reading terminals raise a security problem of copy control. Other problems will be identified which might require a departure from and adoption of conventional security practices utilized in the "paper" world.
